

**GOOD** for you.

**Krystle, our angel in heaven,** is greatly missed by her parents, sister, extended family and friends. Krystle died in a car accident, and although we had not talked about it beforehand, when we were approached about donation, we said yes. We knew it was what Krystle would have wanted. We hope the mark she left in this world will remain in the memories of everyone she touched. Even though her life was short, she left behind more than most people do in a lifetime. It gives us comfort to know that part of her lives on, and that someday we will meet again.

Please make your decision to donate life, and then tell your family! **The Global Organization for Organ Donation, GOOD,** is a not-for-profit dedicated to raising public awareness for organ, eye and tissue donation.
