Stanford University*

® Symbol denotes organ, eye or tissue donor

November 16, 2006

Dear Friends,

Here some very important, **VERY GOOD** news!

I am now partnered with **GoodSearch.com**, a search engine which donates 50 percent of its revenue to the charities and schools designated by its users. It's a simple and compelling concept. You use GoodSearch exactly as you would any other search engine. It's powered by Yahoo, so you'll get the same quality search results that you're used to! Every time you search, a financial contribution is made to the Global Organization for Organ Donation – GOOD! I hope you'll give it a try and support the cause that you care most about.

Getting started is simple:

When you go to the GoodSearch.com home page, you'll see "Who Do You GoodSearch For?" Use the drop-down menu and select Global Organization for Organ Donation. From then on, every time you use GoodSearch, a contribution will be made to GOOD!

Needless to say, the more people who use this site, the more money will go to those we strive to help.

So please...spread the GOOD news to your family and friends!

Thanks for your continued support!

*Shelly Brady Koontz*
