

GOOD for you.

Bradley was just full of life. When he walked into a room, you knew it. He always knew how to make people laugh and he loved children, especially his daughter and his two sons. When he died in a motorcycle accident, our family didn't have to question whether he wanted to be an organ and tissue donor. He had marked his license and had talked many times about wanting to be a donor. We know he saved the lives of at least three people and improved the lives of many others. Bradley was special, and so was his gift.

Please make your decision to donate life, and then tell your family!

The Global Organization for Organ Donation, GOOD, is a not-for-profit dedicated to raising public awareness for organ, eye and tissue donation. Please visit us at www.global-good.org or by calling 918-745-6637 or call the Oklahoma Organ Sharing Network 1-888-580-5680 ext. 120 or ext. 123

@GOOD for life.

There are 547 Oklahomans currently waiting for a life-saving transplant.
